

San Francisco Atheists--Upcoming Local Events

March Madness is over, time for Amazing April -- please join us!

For our monthly meeting, we are happy to again feature popular local blogger **Greta Christina**, discussing the topic, "**Why Are You Atheists So Angry?**"

The atheist movement is often accused of being driven by anger. What are so many atheists so angry about? Is this anger legitimate? And can anger be an effective force behind a movement for social change? A timely and relevant talk, followed by discussion and Q & A.
