

San Francisco Atheists

This month we welcome back Richard Carrier, to present "**From Robots to the Moon: Amazing Science and Technology of the Ancient World**"

Dr. Richard Carrier, a specialist in ancient science and technology, surveys just a few examples of amazing achievements in scientific and technical knowledge among the Greeks and Romans, including computers, robots, automated factories, the invention of latitude and longitude, controlled medical experiments, and discovering the elliptical orbit of the moon. Q & A session will be included.

Saturday March 26

4:30 - 7:00 pm (formal program will begin around 5 pm)

Schroeder's Restaurant, 240 Front St., San Francisco, rear dining room

The restaurant is two blocks north of Market St., between California and Sacramento St. Use BART/MUNI Embarcadero stop. Parking on street or at nearby Embarcadero garage.

This Wednesday March 9-- a special comedy event:

Writer-actor Roger Scott Jackson's show **Sam Singleton Atheist Evangelist, Patriarchs and Penises**. In the first act, Brother Sam recounts his youth among "tongues-speaking, snake-handling holy rollers" and subsequent "reversion" to atheism, before wrapping up with a scorchingly satiric deconstruction of the role of God, and plight of atheists, in America. In Act II, Brother Sam teaches a "Bible Class" detailing the symbolic use of penises throughout the Scriptures. The material and language are adult in nature.

"What do you get if you cross fire-and-brimstone preaching with a heretic's unflinching wit? Brother Sam Singleton, Atheist Evangelist! I caught Bro. Sam's show at SkeptiCon last year and it was a moving service indeed: electrifying, hilarious and brilliant. Don't miss it!" -Dave Fitzgerald

Wednesday March 9, 7:00 -9:00 pm

Schroeder's Restaurant 240 Front St., San Francisco

\$10 in advance, \$15 at the door
