

San Francisco Atheists

This month we are very pleased to welcome former San Francisco Supervisor, **Harry Britt**. Mr. Britt will share his story-- from Texas roots; to practicing Methodist minister; to grassroots political organizer, marching with Dr. Martin Luther King, Jr.; to San Francisco, working to elect Harvey Milk to district Supervisor; to serving on the Board of Supervisors after Milk's tragic assassination, fighting for progressive causes including domestic partner benefits and public funding to fight HIV/AIDS. Mr. Britt will discuss Harvey Milk's influence on his atheism, and the relevance of Milk's message on the atheist movement today. Please join us to hear from this influential and inspirational San Francisco leader.
