

# San Francisco Atheists

This Saturday we are pleased to welcome leadership members of the **National Atheist Party**, including Justin Light, California State Chapter Leader, who will speak about their grassroots movement in California and nationwide. Learn how we can politically organize California to 'Win for Reason' & the Constitution. Come join the conversation & bring your questions! Door prizes will be awarded!

The National Atheist Party mission: To politically represent U.S. atheists and all who are drawn to our mandate, in a political process that has thus far marginalized and ignored one of the largest and growing segments of the U.S. population. The NAP seeks to politically represent U.S. atheists and all who share the goal of a secular government by gathering the political strength of secularists nationwide while being guided by the values of secular humanism and evidenced-based reasoning. They are a progressive secular political organization whose current incarnation is as a non-profit 527 group.
