

San Francisco Atheists

This month, Kevin Matamoros, local community coordinator for the **Military Religious Freedom Foundation**, will speak to us about the work of the [MRFF](#) and discuss some of their current projects. The Military Religious Freedom Foundation is dedicated to ensuring that all members of the United States Armed Forces fully receive the Constitutional guarantees of religious freedom to which they and all Americans are entitled by virtue of the Establishment Clause of the First Amendment. Since its inception in 2005, MRFF and its President and Founder, Mikey Weinstein, have worked tirelessly to protect the rights of their clients by fostering a national discussion, influencing military policies, and pursuing legal remedies through our court system

Kevin Matamoros recently retired after serving for six years in the army, and is currently studying for a degree in physics. He welcomes your questions and discussion after the presentation.
