

San Francisco Atheists

This month local activist **Ashley Paramore** will share with us strategies for *Connecting with Students*. "Every local group wants to see more young blood, and there's a college group nearby! How on earth do we get these darn kids to put down their computers and fancy phones and attend our meetings!? Come join the conversation and learn the dos and don'ts of reaching out to students."

Ashley is a skeptical atheist activist who has served as both Development Director and on the Board of Directors of the [Secular Student Alliance](#), as well as the Advisory Board of the [Stanford Humanist Connection](#). She has over 7 years of experience in grassroots organizing at both the local and national levels, and has a YouTube channel called [healthyaddict](#) where she talks about atheist and skeptic issues.
